Mr. Richard Ober
Director for Intelligence Coordination
National Security Council
Washington, D. C. 20506

Dear Dick:

I sent you today a copy of our revised package of materials concerning the future activities of the NSCIC Working Group. The original was sent directly to General Scowcroft.

25X1A9a You will note that I accepted many of the comments you relayed to me through [REDACTED]. They were quite helpful. But I could not go along with some of your proposals because I fear they might complicate or confuse the work of the Group as prescribed in the charter of NSCIC itself (NSCID 1).

Thanks for your efforts in our mutual behalf.

Sincerely,

(Dictated but not signed)

Samuel V. Wilson
Lieutenant General, USA
Deputy to the DCI for the
